Every year thousands of burns and eye injuries are caused by fireworks. Following these simple safety tips can help you enjoy fireworks safely.

Recommended Safety Tips:

- Obey local laws. Safe and Sane fireworks are only legal in the cities of **Anaheim, Buena Park, Costa Mesa, Fullerton, Garden Grove, Huntington Beach, Santa Ana, Stanton, Villa Park, and Westminster.**
- Buy only Safe and Sane fireworks that are State Fire Marshal-approved.
- Light fireworks outdoors in a clear area and at a safe distance away from people, homes, vehicles, or flammable materials.
- Light one firework at a time and never relight a dud.
- Have a bucket of water and a hose nearby. Soak fireworks before throwing them in the trash can.
- Never point or throw fireworks at another person.

Fireworks and Child Safety:

- Fireworks should only be handled by adults.
- Sparklers can exceed temperatures up to 1,200° Fahrenheit, which is hot enough to melt gold.
- Never let children pick up pieces of fireworks after a show. Some may still be active.
- Parents are liable for any damage or injuries caused by their children using fireworks.

In Case of an Accident:

- Call 911 and run cool water over any burn.
- In case of an eye injury, do not rub, touch, or rinse the eye. This can cause more damage.

City-Sponsored Fourth of July Events:

- A city sponsored fireworks display is a great alternative to lighting your own fireworks.
- To find a fireworks display near you, please visit our website at **www.ocfa.org.**
