Optional Field Plan Review of Large Fire Sprinkler Systems

Project Name: _____ **Date:** _____

Project Address: _____ **Suite #:** _____

City: _____ **SR #:** _____

Do the plans and scope of work meet the following criteria?

Yes No

- The work consists of 26 - 99 fire sprinklers, without calculations, located on two or less floors. Fee code PR635.
- The work is within a light-hazard occupancy.
- The work uses a maximum of one mechanical tee per branch line.
- The work consists of one-for-one fire sprinklers per outlet.
- The current OCFA fire sprinkler notes are on the plans.

If any of the boxes are marked "No," then this project does not meet the criteria for a Field Plan Review and must be submitted for plan review.

A plan complying with NPFA 13, 2013 edition and this form shall be at the job site. An OCFA Service Request form (SR) shall be completed and paid for prior to the inspection. The SR shall be at the job site. Call (714) 573-6150 for inspection. At least 48 hours notification is required prior to inspection.

By signing below the applicant certifies that all the above conditions apply to their project. If conditions are found to not comply, a plan review may be required and additional fees will be required.
